

## PRESS RELEASE

# AES Corporation to Participate at Upcoming Industry Events

May 31, 2016 (Peabody, Massachusetts) – AES Corporation, the leading manufacturer of long-range wireless private mesh radio alarm communication products and services, will be exhibiting at many of the industry's leading events during June 2016 including Electronic Security Expo (ESX) in Fort Worth, TX; National Fire Protection Association (NFPA) in Las Vegas, NV; and IFSEC International in London, UK.

Stop by the AES booth and meet with our team to learn more about product releases and upgrades, the enhanced AES-*IntelliStart* service, the 7706-ULF Integrated Fire Monitoring System, the 7788F-ULP-P Fire Subscriber with AES-*IntelliPro* & Local Annunciator, AES Training Academy options, and tools to optimize your network. Ask about the powerful NMS 2.0, a complete end-to-end AES mesh radio network monitoring and management platform, or the Network Connectivity Tool (NCT) to quickly validate installation locations.

ESX:

June 8-9, 2016

Fort Worth Convention Center, TX

Booth #135

[www.esxweb.com](http://www.esxweb.com)

#### About AES Corporation

Established in 1974, AES Corporation is the leading manufacturer of code compliant wireless alarm communication products and solutions serving commercial security markets and government agencies worldwide. AES-*IntelliNet* patented technology will never sunset compared to obsoleting technologies such as cellular and traditional phone lines. AES private mesh radio networks are owner operated and controlled, providing infinite scalability and superior reliability with the fastest transmission speed available. Over a half million AES smart subscribers are installed worldwide. AES is the clear choice for life safety and security, protecting people and property for over 40 years.
