

Access control systems

Specifications :

Product Name		Facial recognition Professional grade terminal
Product Appearance		
Model		Face ID-A1
Recognition	Identification style	Facial, Fingerprint, PIN, card
	Identification speed	≤1sec
	Identification Mode	1 : N,1:1
	Facial capacity	1000
	Card Capacity	1000
	Password capacity	1000
	Record Capacity	100000
	Management record	10000
Display	Display	2.8" Capacitive TFT Color touchscreen
	Language	Chinese, English, and more.
Communication	Communication	USB flash drive、RS485、TCP/IP (Option WIFI)
Access control	Alarm	Record full notification Duress alarm
	Alarm Output	1 set
	Lock signal output	1 set relay signal output
	WG	1 set WG In, out
Others	Dimension	190*80*31mm
