

## VIENNA DYNAMIC BLADE

The Vienna is an aesthetically pleasing recessed maintained exit sign with conventional functionality plus extra performance and styling provided by the Evaclite ADS Adaptive/Dynamic LED 3PA Blade technology.

Installation is ideal for suspended and tightly attached ceiling structures due to its two rotating fixing arms that secure the housing in place across different thickness supporting surfaces, and two screw fittings for the visible fascia plate.

**1: ALARM**  
PASSIVE SIGN

**2: ALARM EVENT**  
DYNAMIC SIGN FOR  
SAFE EXIT

**3: ALARM EVENT**  
ADAPTIVE SIGN FOR  
UNSAFE EXIT
