Elegant Keypad

(RP228KPPB)

We're pleased to announce the launch of our brand new Elegant Keypad. The Elegant Keypad is designed for simple installation without any need to open it up to wire cables to the terminal block or set dipswitch address.

Key Features and Benefits

- Compatible with LightSYS 2 and ProSYS.
- Available in black with prox
- Simple to install with removable back plate
- Keypad firmware automatically upgraded from LightSYS main panel during installation (if required)
- Offers an alternative to the white touchscreen keypad
- Aesthetically pleasing (important in environments where the keypad is on display)
- Competitively priced
