PATENTED SMART LOCKOUT TAGOUT (LOTO) PADLOCK

SMART MINI PADLOCK

**GRANT, REVOKE & TRACK
LOCKS ACCESS ANYTIME, ANYWHERE**

Our patented eGeeTouch® Smart Lockout Tagout Lock is to revolutionize the conventional keyed LOTO locks and cumbersome ways of unlocking multiple keyed LOTO locks to manage multiple field sites operational activities. It is built with Bluetooth and has MULTIPLE LAYERS of access codes for both INDOOR and OUTDOOR usage. It is SPECIFICALLY developed for LOCKOUT TAGOUT purposes to manage multiple TAGOUT authorizations from remote locations anytime, anywhere.

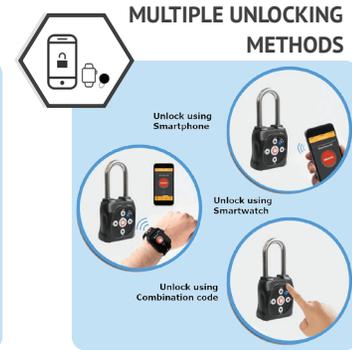

Our eGeeTouch® Smart Mini lock is embedded with STATE-OF-THE-ART DUAL intelligent proximity & remote authorization technologies that delivers HIGH PRODUCTIVITY and LOW OPERATIONAL COSTS with MULTIPLE LEVELS of high-security assignments such as, REVOKING, TAG-OUT authorization, NOTIFICATIONS and TRACKING of users accessed functions unmatched by any traditional keyed/combo LOTO locks.

Integrated with both patents and proprietary authentication protocols, capable of generating up to 8 levels of Administrator authorization and over several hundred thousand of user-defined encrypted IDs. Multiple levels of user authorization and TAG-OUT authorization to a SINGLE SHARED SMART LOTO lock with a Commercial PAID app software bundled with Web-based Intelligent Access Management Software.

OTHER SMART FEATURES

Trace WHO, WHEN & WHERE access was made

Choice of Bluetooth Devices for eg. smart phones, smart watches, & combination code

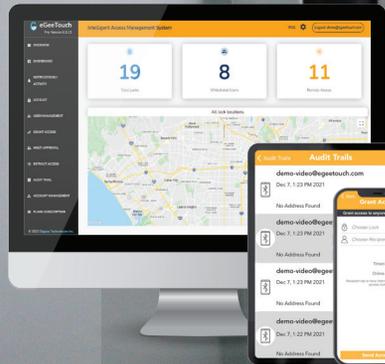

A one-time or temporary access to any registered user(s)
